

# eWater<sup>®</sup> Hand Washing

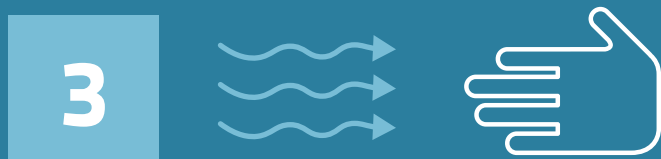

**IMPORTANT** Thorough hand washing is vital, it's the first line of defence against the spread of germs.

Clean hands with **eWater Cleaning Solution (blue light)** rubbing them under tap for a complete cycle to remove dirt & grease.

Sanitise hands with **eWater Sanitising Solution (red light)** rubbing them under tap for a full cycle to remove germs & bacteria.

Dry hands using an air dryer.

eWater Systems products are proven cleaner and sanitiser that delivers highly effective results without the need for harsh chemicals. Better for you. Better for our environment.
